

Undergraduate Certificate of Proficiency in Sustainability Advising Record

This form is intended to assist students and advisors in ensuring that all requirements for the SENS undergraduate certificate in sustainability are met. Please note that ENVS 201 and ENVS 401/EVSC 485 are core certificate requirements and transfer credits for these courses are not accepted. Note also that not all courses listed as elective options below are offered in all years. *Please contact one of our [SENS certificate advisors](#) to discuss this advising record, or submit a completed form.*

Please note that the certificate is not conferred automatically upon completion of these requirements or when applying to graduate with a degree. A separate application for the certificate is required. The steps required are [described here](#).
