7-10 HOURS

JAN 25-MAR 8

This virtual short course is open to students, researchers, practitioners, and others seeking to develop their facilitation skills (with or without prior facilitation experience).

Participants will reflect together on their own facilitation practice, gain confidence and new insights for facilitation through real-world examples from practitioners, and develop a personal facilitation toolbox.

Coursework is guided but mostly learner-driven, including group work for facilitation practice and co-learning.

Registration: $10.26 CAD plus tax
